J. B. EATON.

Same Conditions in Powell.

The Benton Tribune Democrat well says: We, of America, have given too much attention to building railroads and neglected the more important matter of building the roads over which we have to haul our produce to the markets on wagons. Here in Marshall county we are particularly favored with good material to make the best of roads, and without having to make any long haul. If we will begin and gravel only ten miles a year we will soon have the main roads in good fix; then take up the other roads as they rank in importance. We cannot spend money that will yield greater returns in actual wealth to the county.

To Weigh the Mails.

From the 30th day of June to the 1st day of January, all of the mail will be weighed, each class to itself. This will give the post-office employees a half-year's hard additional labor and all to find out what to pay the railroads for carrying the mail.

A big line of new and up-to-date Post Cards in the Drug Store. They were the first ones to introduce these cards here.

Valuable Old Leases.

In 1878 Dave R. McKinney, W. E. McKinney, John McKinney, of this county, and — Dollins, of Covington, took leases on several thousand acres of land in Menefee and Wolfe counties for the purpose of operating coal mines oil and gas wells. The coal lands of Menefee were worked for a time and then abandoned but the leases held good as they were to run for 99 years. The matter was dropped and the lands so leased from different persons passed into other hands in some instances and leased again. Drilling for oil and gas was taken up by other companies and some of the fine gas wells now supplying Lexington, Mt. Sterling and Winchester with natural gas are on this land. The matter will be taken to the courts to secure damage for the infringement on the lease rights of the McKinney heirs and Dollins. John W. McKinney is in Covington now looking after the matter.

How Long Charcoal Lasts.

In examining some of the old cinders which came from the old forge that operated here in Clay City no less than fifty years ago we notice a great deal of charcoal intermixed with the cinders, and this charcoal is equally exposed to the weather, but it is in just as good state of preservation as the day it was piled out with this dross. This is convincing of the wonderful preservative qualities of post which has the end that goes into the ground burned to a charcoal. You may also notice a stump in a field that has the outside burned, and you will find a stump that will be much harder than other stumps and one that will last a great deal longer than the others of the field.

The Small-Pox Situation.

There are two new cases of small-pox in the Thacker home in the Western portion of the county. All of the persons in the county exposed but one, and he is missing, has been vaccinated by Dr. Williams and there is now but little danger of the disease spreading, as the persons who may take it will be at once isolated. Owing to the favorable time of the year the dread disease is in a very mild form, and no deaths are hardly expected.

New Paper at Jackson.

It is reported that a new paper is to be started at Jackson Democratic in principal. It will take the place of the Jackson Hustler recently burned out. O. H. Pollard, formerly editor of the Beatyville Enterprise, will be general manager of the new paper. The News a Republican sheet is now the only paper in Breathitt.

Heavy rains Saturday and Sunday swelled the river until it overflowed the banks in many places and drowning out considerable corn that was up in the lowest bottoms. This will now have to be planted again, causing still further delay with many in getting their crops in.

Located in Oklahoma.

Frank Edwards, who moved to Indian Territory four years ago is now located at R. R. 4 Eldorado, Okla., where he orders the TIMES continued. Mr. Edwards is farming there on a large scale. This year he has in cultivation 800 acres of land, of this 400 acres alone is in wheat. His wheat is fine and as wheat is so high it promises a good income for our old friend.

The Stanton Commencement.

The Commencement exercises of the Stanton Graded School was well attended last week and all parts of the program carried out without a single error. Mrs. Sylvia Russell, principal of the school, certainly knows how to train her classes in an entertainment as well as how to correctly instruct them in their studies.

Banks to Test Tax Law.

Two Louisville and four Lexington national banks have filed suit at Frankfort asking an injunction restraining the State Board of Valuation and Assessment from making permanent the assessments made against them. The suit is based on the recent decision of the Supreme Court.

All the mail order houses in Christendom would not increase the value of your farm a cent. They are parasites to whom life is only possible as long as they can suck blood out of the communities, to the upbuilding of which they contribute nothing. They create no local market for the products you have for sale. They have no property in your county which can be assessed to help bear your burden of taxation.

Your local dealer needs neither advocate nor defense. His methods rest upon principles that have built up in this country a system of internal commerce which is the marvel and admiration of the world. His business is legitimate because its success contributes to the general prosperity of the community that built it up.

The City Council was in regular session last night, but as we go to press about the hour the Council meets we are unable to give a report of the meeting.

House and Lot For Sale.

I offer my house and lot in Clay City on Seventh ave. for sale. Six good rooms and a nice comfortable home. Will be sold at a reasonable price. For particulars write

SPOUT SPRING.

W. J. Christopher, Sr. left Saturday for a visit to his daughter, Mrs. Austin Lowry, at Normal, Ill.

McKinney & Barnett have finished their sawing job here and are moving their mill to Callo-way's Creek where they have two years sawing for Elder G. W. McIntosh.

Herbert Heslin and family, W. E. Heslin, Mrs. Olevie Elkin and Miss Ruth McKinney, all of near Ruckerville, Clark county, attended decoration exercises at the Baptist church Thursday.

Curtis Bowman has sold his ferry boat at Walters' Ferry to be taken to Vienna where they have slack water at all times from Lock No. 10 on Kentucky river. The boat will leave the ferry June 15, the date when our new steel bridge is to be completed at this point.

The Professional Beggar.

A lady using a crutch as if crippled visited our city this week, and had the customary printed card appealing to the sympathy of the reader and asking for help. It was hard to tell if she really was crippled, but being a woman, the editor like scores of others gave her a few shekels. We believe we are safe in saying the majority of these cases of cripples passing from town to town and begging do not merit any assistance from the public, and many are downright frauds. The good book says "Give to every one that asketh thee," but it doesn't mean to give a drunkard money to buy whiskey; it doesn't mean to give the baby a hammer and looking glass because he asks for it, and it doesn't mean that we should give to professional beggars who travel from town to town—and the fact that they are "professionals" is evidenced by their "printed card."—Ex.

Oil Interests.

Leasing of sections of land in new territories has been the feature in Kentucky oil fields during the last week, and extensive new development is expected. The prices on crude oil remain the same, with the production but little changed.

ANNOUNCEMENTS.

We are authorized to announce CHAS. EVANS, candidate for County Court Clerk, subject to the action of the Democratic party.

The Reporter, the Mt. Sterling Negro paper, says that if the Republican state convention at Louisville June 19 indorses Taft for President the Negroes will bolt the ticket. The paper very truly says the Negro vote has the balancing power in the Republican party, and it believes in the African race dictating that party's nominees or not supporting them, hence the note of warning sounded in the Reporter.

The Negroes don't like Taft because Roosevelt likes him; they don't like Roosevelt because he disgracefully discharged a lot of Negro soldiers for killing one man, wounding another and shooting up the town of Brownsville, Texas. The President deserves the approbation of every thoughtful citizen, and the Republicans of Kentucky could do nothing inside their party line more elevating to themselves than to indorse his actions in the Brownsville affair and come out for Taft for President.

The trust harbored manufacturers are daily encroaching their merciless high prices upon the public. The latest advance coming in the staple article of spool thread. It now costs the merchants sharply over five cents a spool and to get a living profit they will have to sell it at least for 7 or 8 cents a spool. Even if the makers of thread were selling it at cost the recent advance of their output will now enable them to make over 20 per cent. on all their sales. Capital in this business is undoubtedly turned over three or four times a years, so there is but little doubt that the thread combination is now making yearly at least 50 per cent. more on the capital invested than they were one year ago. This is legalized and protected by a high tariff which cuts out foreign competition. Is this best for the masses? If you think so vote the Republican ticket, that's what it means. What is true in the "thread" case is the same in a thousand other different manufactured articles for which the American people are paying twice and trebble the cost of production.

Oklahoma it seems will yet be held from statehood on the grounds of an objectionable constitution to the President, but he refuses to let his objections be known to the constitutional convention so the defects can be eliminated before the constitution is voted upon. The whole motive seems to be to dill-dally and keep Oklahoma from becom-

ing a state until after the Presidential election because the new state will be Democratic.

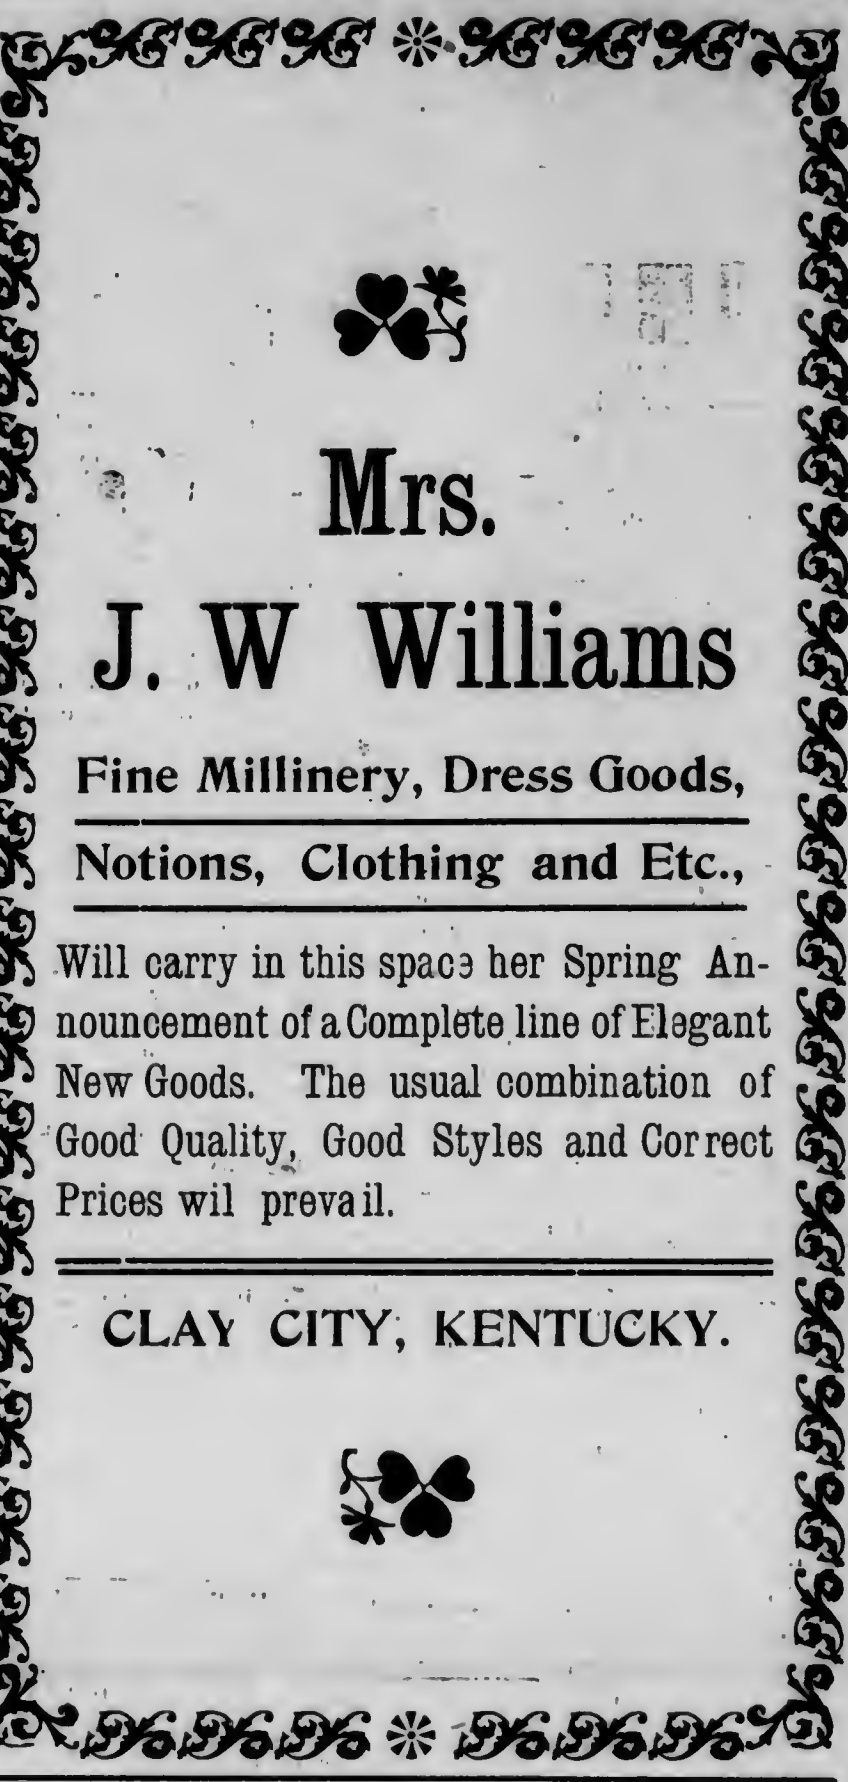

R. D. Hunter has been selected as the Democratic nominee for Representative in Clark county without opposition. Mr. Hunter is a fine man and will not likely have any opposition.

THE INDUSTRIOUS HEN

Is the leading poultry journal of the South, published at Knoxville, Tennessee, in the hot-bed of poultrydom. It is a handsome 9x12 magazine of 50 to 80 pages; printed in colors, and the best that comes to our table. Its corps of writers are thoroughly trained and practical men and women, and its one dozen and more departments are each presided over by an expert in his line. It publishes more original poultry news, beautifully illustrated, than the majority of poultry journals, besides its many pages of departments, as follows: Turkey, Water Fowls, Pigeons, Angora Goats, Bees, Dogs, Pet Stock, Nut Culture, Veterinary, Dairy, Legal, and Boys. Any one of these departments is worth the subscription price 50c. THE TIMES.

AN ALL HOME-MADE PAPER.

THURSDAY, June 6, 1907.

LOCAL BREVITIES.

Rev. and Mrs. R. B. Wilson are visiting relatives in Bourbon county.

Alvin Anderson has moved to Heidelberg where he will be employed in the stove business.

Henry Bradley, of Winchester, was here Monday and Tuesday looking after some timber interests.

Geo. Herron, who has been very low for some time, is now much better and able to go about the house.

Mr. and Mrs. Joe Holman, of Vinton, were in the city Wednesday having some dental work executed.

Louis Bradley left yesterday morning for Williamsburg, Ky. where he will be with his son, Boone Bradley.

R. L. Daniel, the auctioneer, will locate in Clay City. Mr. Daniel is the only licensed auctioneer in Powell county.

H. C. Warmouth will sell a lot of general merchandise Saturday, June 15 at auction. See posters for particulars.

Mrs. Sylvia Russell, principal of the Stanton Graded School, spent a few days with relatives in the city this week.

Pat Henry returned Tuesday from Lexington where he has been attending State College to spend vacation at home.

Mr. and Mrs. H. C. Warmouth are rejoicing over the arrival of a new Democrat. He came May 31st and is growing stout and longer every day.

The strawberry season has opened and the crop is fine. Wm. Byrne, the Powell county strawberry man, was in the city Saturday with his first load.

Unusually cool weather still continues for June, and grass and crops are making very poor growth. Many farmers are not yet through planting corn.

Dr. W. O. McIntire, the dentist, is in the city practicing his profession. By honest and skilled workmanship, the Doctor has built up a good practice in this city.

The trial of the five boys charged with cutting Claude Sons, in this city May 23, Commencement night, an account of which appeared in our last issue, was last Saturday waived and the boys held over to the grand jury under bond of \$200 each.

The Republicans of each county in the State will hold mass conventions at the county seats Saturday June 15th to select delegates to attend the State Convention at Louisville June 19, which convention will select candidates for the various State offices.

The Kentucky Blue Grass Seed Co., has been incorporated at Mt. Sterling with a capital of eight thousand dollars. It is said they will build a warehouse and seed cleaning plant to cost \$25,000, and will make an effort to control the blue grass seed crop this season.

Judge James E. Cantrell, who has been unable to sit on the bench a day since his election to the Court of Appeals last year, has resigned that office and Gov. Beckham has appointed Judge John D. Carroll to fill the place until the election this fall. Judge Carroll has announced a candidate for election this fall.

A New Swindle.

A new swindler is said to be traveling through the country selling a kind of wire fencing and stretchers. The salesman leaves the machine and four rods of good fence for trial, requiring the farmer to sign for the return of the machine. The farmer signs for \$3 but when it comes to pay the amount called for is \$300.00.

A Fortunate Texan.

Mr. E. W. Goodloe, of 107 St. Louis St., Dallas, Tex. says: "In the past year I have become acquainted with Dr. King's New Life Pills, and no laxative I ever before tried so effectually disposes of malaria and biliousness." They don't grind nor gripe. 25c. at Swann-Day Lumber Co.'s store.

Stole the Wrong Animals.

In the Fayette county Circuit Court a white man was tried for stealing thirty cattle. He was convicted and sent to the penitentiary for one year. A negro boy, who heard the testimony in this trial and the verdict, was then tried for stealing a hog. The jury gave him three years in the penitentiary. Asked if he had any remarks to make, he replied: "Wish I'd stole them cattle."

He Fired The Stick.

"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for Piles, Burns etc., by Swann-Day Lumber Co.'s store. 25c.

Kentucky's Roads.

Circular No. 58, issued from the office of Public Roads of the United States Department of Agriculture contains some interesting statistics about the public roads of Kentucky. The circular is based on data obtained in 1904. It shows that at that time there were 57,137 miles of public roads in this State, 1,408 miles of which were surfaced with gravel and 8,078 with stone. There was one mile of road to every 37 inhabitants and one mile of improved road to every 226 inhabitants. The county containing the greatest total of mileage is Clay, with 1,600 miles of road, with only one mile of gravel and ten miles of stone. The second largest mileage of road is Elliott, with not a single mile of improved road. There are 40 counties without a single mile of improved road within their boundaries. The largest amount expended on roads by any one county is Jefferson, which is credited with \$120,000. This county is credited with a total of 550 miles of improved roads. Fayette county comes second in amount of annual expenditures, with \$26,000 credited and a total of 375 miles of road, of which 360 are improved. Bourbon and Scott counties make nearly as good showing as Fayette, the former having 325 miles of road, 305 of which are improved, and the latter 400 miles of road, with 275 of them improved. The smallest mileage credited to any county in the State is 75 miles, which is the total of Martin county, none of which are improved.

The Blue Grass Fair.

The big Bluegrass Fair will be held at Lexington this year on the week of August 12 to 19, inclusive. About \$25,000.00 will be given in premiums. It will not conflict with any other fair of importance in the State nor with any of the big State exhibitions.

The Magic No. 3.

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man to-day. The first bottle relieved and three bottles completed the cure." Guaranteed best on earth for stomach, liver and kidney troubles, by Swann-Day Lumber Co.'s store. 50c.

An effort to decide upon a plan which will bring an end to the long-continued struggle between the independent companies and the Bell interests, it is expected, will be made at the annual convention of the International Independent Telephone Association, to be held in Chicago.

Dress Making.

Miss Kate Hutchinson is now prepared to do all kinds of dress making and sewing. Located in the Red River Hotel.

Real estate in Kentucky is everywhere advancing by leaps and bounds. "Grassmere," a beautiful farm near Lexington, after being withdrawn at \$218 an acre from auction, was afterward sold privately for \$225 per acre.

Remarkable Rescue.

That truth is stranger than fiction has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed cure for coughs and colds. 50c. and \$1.00, at Swann-Day Lumber Co.'s store. Trial bottle free.

WEEKLY COURIER-JOURNAL

And

THE TIMES

Both one year for only

One Dollar.

The Presidential election is approaching. "Times have changed. That is all. Mr. Watterson is a Democrat, and has always been a Democrat, never a Republican. Essential differences out of the way, Democrats are getting together. The Courier-Journal is going to support the ticket. And there you have it."

Send your order for this combination to us—not to the Courier-Journal. The regular price of the Weekly Courier-Journal alone is \$1 a year.

I WILL GIVE THIS BEAUTIFUL PICTURE.

FREE to one person in each neighborhood. Everybody who answers this advertisement the first time has a chance to win this beautiful picture free by return mail. We Will Give a YEAR'S SUBSCRIPTION to GOODALL'S FARMER FREE

To Every One of Our Paid-In-Advance Subscribers.

DO YOU KNOW GOODALL'S FARMER?

It is a large twenty-four page farm weekly, profusely illustrated, and every word in it is interesting to the farmer or raiser of live stock.

WHAT EVERY ISSUE CONTAINS

NEWS—All of the general farm news of the week is published and all agricultural developments are given in detail.

SPECIAL ARTICLES—The leading agricultural college professors contribute each week to this publication and the advice that they give is beneficial to every farmer and raiser of live stock.

EDITORIAL—The editorial page contains articles by men who thoroughly understand agricultural and live stock conditions in America. The editorials are always written with the aim to benefit and assist the American farmer and raiser of live stock.

HOME DEPARTMENT—There is a department edited by Faith Felgar, which is devoted entirely to the interests of women who live on the farm. This department is capably edited and contains much useful knowledge on the art of cooking and keeping a house successfully.

OUR JUNIOR DEPARTMENT—Conducted by Uncle Dudley for the benefit of the younger generation. Contains letters from children from all parts of America and is a department that is of great interest to every boy and girl.

MAGAZINE SECTION—In this department prizes are awarded each week for the best letters on subjects proposed by the Magazine Editor.

FASHIONS—In every issue there is a pattern department. These patterns will be found very useful to the housewife.

N. B.—All subscriptions to Goodall's Farmer stop when time expires.
